*People First of New Hampshire
Pledges To Serve Our Community*

On Saturday, January 17th, 2009, in honor of President-elect Obama's rally to our nation to commit to service in our communities on the occasion of his Inauguration, and in honor of Martin Luther King, Jr. national day of community service, members of People First of New Hampshire will pledge to serve our community. The organization as a whole will embrace community service as a goal: to support individuals to find the opportunities to serve, commit to becoming more engaged citizens and to share their results together.

“We are one people; We are one nation; and together, we will begin the next chapter in America’s story.”

President-Elect Barack Obama

Renew America Together

President-elect Obama believes each of us, as Americans, have a responsibility to do what we can for our communities and fellow citizens. We are one nation.

Mission Statement of People First of New Hampshire: We believe that people with disabilities should be treated as equals. We should be given the right to make the same decisions, and to have the same choices and responsibilities as anyone else. We should be allowed to make new friends and renew old friendships and be as independent as we are able. We should be able to live where we want to live and work where we want to work. We should also be included in society and not be singled out as being different. We will work to accomplish these ends in New Hampshire.
